A bar chart comparing the number of power-orienteds (red bars) and universalists (green bars) across different age groups. The y-axis represents the count, ranging from 0 to 50. The x-axis lists age groups from 0-5 to 95-100. The chart shows that the number of power-orienteds is consistently low across all age groups, while the number of universalists is zero for most age groups except for the 90-95 and 95-100 groups, where it is approximately 48 and 50 respectively.
