A bar chart comparing the number of power-oriented (red bars) and universalist (green bars) values across various age groups. The x-axis lists age groups from 0-5 to 95-100. The y-axis shows the count of values from 0 to 50. Power-oriented values are concentrated in the 10-20 age group, while universalist values peak in the 20-25 age group.

Age Group	num of power-oriented	num of universalists
0-5	1	0
