

A bar chart comparing the number of power-oriented (red bars) and universalist (green bars) respondents across different age groups. The x-axis represents age groups in 5-year intervals, starting from 0-5 and ending at 95-100. The y-axis represents the number of respondents, ranging from 0 to 60. The legend indicates that red bars represent the 'num of power-oriented' and green bars represent the 'num of universalists'.

| Age Group | num of power-oriented | num of universalists |
|-----------|-----------------------|----------------------|
| 0-5       | 0                     | 0                    |
| 5-10      | 0                     | 0                    |
| 10-15     | 0                     | 0                    |
| 15-20     | 0                     | 0                    |
| 20-25     | 0                     | 0                    |
| 25-30     | 0                     | 0                    |
| 30-35     | 0                     | 0                    |
| 35-40     | 0                     | 0                    |
| 40-45     | 0                     | 0                    |
| 45-50     | 0                     | 0                    |
| 50-55     | 0                     | 0                    |
| 55-60     | 0                     | 0                    |
| 60-65     | 0                     | 0                    |
| 65-70     | 1                     | 0                    |
| 70-75     | 0                     | 0                    |
| 75-80     | 0                     | 0                    |
| 80-85     | 0                     | 0                    |
| 85-90     | 0                     | 0                    |
| 90-95     | 0                     | 0                    |
| 95-100    | 0                     | 58                   |

Bar chart showing the number of power-oriented (red) and universalist (green) respondents by age group. The y-axis represents the number of respondents (0 to 60). The x-axis shows age groups from 0-5 to 95-100.

| Age Group | num of power-oriented | num of universalists |
|-----------|-----------------------|----------------------|
| 0-5       | 0                     | 0                    |
| 5-10      | 0                     | 0                    |
| 10-15     | 0                     | 0                    |
| 15-20     | 0                     | 0                    |
| 20-25     | 0                     | 0                    |
| 25-30     | 0                     | 0                    |
| 30-35     | 0                     | 0                    |
| 35-40     | 0                     | 0                    |
| 40-45     | 0                     | 0                    |
| 45-50     | 0                     | 0                    |
| 50-55     | 0                     | 0                    |
| 55-60     | 0                     | 0                    |
| 60-65     | 0                     | 0                    |
| 65-70     | 0                     | 0                    |
| 70-75     | 0                     | 0                    |
| 75-80     | 1                     | 0                    |

| 40-45     | 0                            | 0                          |
| 45-50     | 0                            | 0                          |
| 50-55     | 0                            | 0                          |
| 55-60     | 0                            | 0                          |
| 60-65     | 0                            | 0                          |
| 65-70     | 0                            | 0                          |
| 70-75     | 0                            | 0                          |
| 75-80     | 0                            | 0                          |
| 80-85     | 0                            | 0                          |
| 85-90     | 1                            | 0                          |
| 90-95     | 0                            | 58                         |
| 95-100    | 0                            | 0                          |

A bar chart comparing the number of power-oriented (red) and universalist (green) respondents across various age groups. The x-axis represents age groups from 0-5 to 95-100. The y-axis represents the number of respondents, ranging from 0 to 60. The chart shows that the number of universalist respondents is significantly higher than the number of power-oriented respondents in most age groups, particularly in the 90-95 age group where it reaches approximately 58.

| Age Group | num of power-oriented | num of universalists |
|-----------|-----------------------|----------------------|
| 0-5       | 0                     | 0                    |
| 5-10      | 0                     | 0                    |
| 10-15     | 0                     | 0                    |
| 15-20     | 0                     | 0                    |
| 20-25     | 0                     | 0                    |
| 25-30     | 0                     | 0                    |
| 30-35     | 0                     | 0                    |
| 35-40     | 0                     | 0                    |
| 40-45     | 0                     | 0                    |
| 45-50     | 0                     | 0                    |
| 50-55     | 0                     | 0                    |
| 55-60     | 0                     | 0                    |
| 60-65     | 0                     | 0                    |
| 65-70     | 0                     | 0                    |
| 70-75     | 0                     | 0                    |
| 75-80     | 0                     | 0                    |
| 80-85     | 0                     | 0                    |
