A bar chart comparing the frequency of power-oriented (red bars) and universalist (green bars) values across 100 subjects. The x-axis shows value score ranges from 0-5 to 95-100. The y-axis shows the count of subjects, ranging from 0.0 to 3.0. Power-oriented values are concentrated in the 5-10 range (count 2) and 60-65 range (count 3). Universalist values are concentrated in the 65-70 range (count 1), 90-95 range (count 2), and 95-100 range (count 1).
